I am a student now studying at Caucasus University (3rd year), Computer Science. In terms of Web Development, I have excellent knowledge and experience in HTML, CSS(Sass/Scss), JavaScript (ES6), jQuery, TypeScript, Vue.js. For 2 years I have been working on Fiverr and Upwork as freelancer, mostly editing codes and fixing bugs. In 2023, For 6 months I have been working on projects in Unilab, some of them are already up and running. Also, it's already been 1 year since I started learning vue.js (Vuex) and use it in personal projects. I have a little experience of Angular.

I have working experience of MSSQL and PostgreSQL, I can work with data in Relational Database Management System (RDBMS), create databases and write procedures, also I know Python and I have basic knowledge of Node.js, Java, C, C#, C++, Racket, Algorithms and Data structures.

I am detail-oriented, quick learner, analytical thinker and organized with a high sense of responsibility.
